## Event Reporter: Sage Insights Australia

After a long flight across the world, we were happy to be welcomed back to the Sage Insights conference in Australia. The conference was a great success. It was a great opportunity to meet a lot of new faces, as well as to connect with our many existing resellers in Australia. We also led an informative session demonstrating how ACCU-DART works and how it can benefit your business.

Overall it was definitely worth the long trip!
