Inventory Control Ideas: Floor-mounted Labels

In the warehouse, there are many instances where it is more efficient to scan a barcode affixed directly to the item location (bin), rather than the individual item. In these instances, some companies find it easy to use a floor-mounted label.

The warehouse staff simply scan the barcode on the floor as they process the transactions. The barcode is easy to locate and won't be damaged from wear and tear.

This particular floor-mounted label is a peel & stick aluminum base - with the

ability to change out the barcodes as needed; making it easy to update the bin/item barcodes without replacing the entire floor mount.

Pricing Update: Customizations

In order to better serve our resellers, we've improved our method of pricing ACCU-DART customizations. In lieu of charging for customizations by the hour, we now will be providing quotes on a project by project basis. We will also begin charging support for customizations.

If you have any questions, or would like more information on customizing ACCU-DART for your clients, please feel free to contact us at sales@accu-dart.com.

Event Reporter: TPAC

Thank you for another successful year at TPAC! We saw a lot of familiar faces, and were pleased to meet many new ones.

We were happy to participate in the TPAC Shootout on Warehouse Management.

It gave resellers a good opportunity to learn more about the third-party products and how they stack up against each other. What a wonderful chance to show how ACCU-DART can improve inventory accuracy!

We thank everyone who came out to participate in this important annual conference.

We're Here to Help!

We understand that our resellers need as much support as possible to find new prospects and maintain current clients. What can we do to help you?

We are here to assist our resellers in numerous ways, including:

Web Demos - we offer web demos for you and your ACCU-DART prospects, as well as to help train you and your staff. Please contact justin@accu-dart.com to schedule a demo.

ACCU-DART Support - We offer 24/7 Technical Support for ACCU-DART Emergencies. Simply call 888-324-7877 and dial 3 for support. If calling after hours and requiring immediate assistance, follow the instructions to page our on-call staff.

Marketing Materials - Have our marketing materials customized to promote your business! Resellers can order any of our pieces, including: feature sheets, price lists, case studies, articles, and more, and have them customized with their logo and contact information. Please contact barb@accu-dart.com for more information.

Do you have any recommendations for what we could do to make selling ACCU-DART easier? Please feel free to contact us.
