ACCU-DART RESELLER NEWSLETTER

Check out our NEW “Focus on Inventory” Blog

Help your clients learn how to save time and money by increasing efficiencies, discover the latest trends in barcode and radio-frequency technology, and explore tips on how to best use systems in your operations - visit our NEW blog:

focusoninventory.wordpress.com

This blog will feature content by Irwin Ash - president and creator of ACCU-DART. He is excited to share the valuable information he learned from years of experience in data collection, warehouse operations, and ERP solutions.

We invite you to visit our blog regularly for the latest posts. It is also a great place to provide feedback to us directly: comment on the blog or ask us a question - let us know what YOU want to see covered.

CELEBRATING OUR
30TH
YEAR IN BUSINESS

Executive Concepts Inc. is celebrating our 30th year in business! For the past 3 decades we have become industry-leading experts on ERP systems and inventory control – providing proven solutions for our customers.

Irwin Ash founded ECI in 1988. Irwin was involved in the finance and operations industry from 1972-1981, when he transitioned to mainframe software solutions in 1981. In 1988 he founded Executive Concepts Inc, where his focus has been on ERP solutions, data collection, and warehouse operations.

ACCU-DART is a result of his years experience providing cost-effective and efficient solutions to warehouse and manufacturing operations. After developing a custom inventory control system for one of our clients, we realized that there was a need to provide real-time integration between the warehouse/shop floor and the ERP system.

To celebrate our 30th year, we are offering 30% off* (list price) purchases until April 11th, 2017.

** This discount does not apply to annual support renewals. Cannot be combined with other discount/special offers including small business package.*

Event Reporter: Acumatica Summit 2017

It was wonderful to return to the Acumatica Summit conference in San Diego. It was the perfect place to debut our NEW ACCU-DART Inventory Management solution for Acumatica Cloud ERP.

Thank you to everyone who stopped by to say “hello” and learn more about how ACCU-DART can benefit both your and your clients’ business!

Become an ACCU-DART Case Study!

Now is the time to become an ACCU-DART Case Study! This joint-marketing effort is an easy way to highlight your business: Simply fill out a simple form describing your customer’s business problems and how ACCU-DART was implemented, and we will draft a case study for your approval. These pieces can be co-branded with your company logo and contact information as well, making it an ideal way to share the stories of your satisfied customers.
