NEW ACCU-DART Website!

We are pleased to announce the launch of our new ACCU-DART Website design!

Our main objective in creating this new site was to better educate end-users and resellers on ACCU-DART, and provide an **easy-to-navigate** way to get the information you need. From your first visit to our home page, you will notice **three distinct areas** set up: one for end-users, one for potential resellers, and one for our existing resellers.

Find-A-Reseller Page

One of the biggest features of our new website is the Find-A-Reseller listing. We have **improved the search functionality** to include a world map, and to allow users to search by country, province/state, and accounting platform. They can also view the reseller's location on the map, to find the reseller closest to their business.

As an ACCU-DART reseller, **it is incredibly important to make sure your presence on our site is up-to-date** with the most current contact information. Please visit <http://www.accu-dart.com/resellers.php> to view this new feature and check your individual listing(s).

Easier Access to ACCU-DART Information

The site now includes a "download additional information" area where end-users and resellers alike can view our **expanding collection of feature sheets, case studies, articles & white papers**. We hope this new accessibility will allow both our resellers and their clients find it easy to understand how ACCU-DART works, and how it can benefit their businesses. Please visit <http://www.accu-dart.com/potentialreseller.php?id=information> to download the latest ACCU-DART information.

New Reseller FAQ

Existing Resellers still benefit from the **reseller-only section** of our website, where you can **download the latest ACCU-DART software, patches, and marketing materials**. We have also added a **new FAQ section**, which will be frequently updated with the most common questions from our resellers. Your existing username and passwords will still work with the new site. Remember to check this site often for the latest ACCU-DART information!

As always, our top priority is to help our resellers find the best possible solution for their clients. If you have any comments or suggestions about our website, please don't hesitate to contact us at info@accu-dart.com.

Upcoming Events: TPAC 2010

The ACCU-DART team is thrilled to once again be participating at the 8th Annual Third-Party Advantage Conference (TPAC) August 29-31st in Vancouver, BC. TPAC "is the conference that showcases third-party products that work with Sage Accpac ERP and Sage CRM. Every product shown is potentially useful to you in providing a solution to your clients and prospects".

Register today for this exciting and informative conference!
