ACCU-DART RESELLER NEWSLETTER

Are you listed on ACCU-DART's Reseller Map?:

Potential customers who visit our website are often seeking a reseller in their area to guide their journey to better inventory control. Are you reaching these potential customers with your inclusion on our map?

The ACCU-DART team is currently developing a **NEW ACCU-DART website!** Our new website will feature an updated and improved Reseller map to better help these customers reach resellers in their area.

To be included in our NEW website map – please take a moment to fill in this form or **email the following information directly to barb@accu-dart.com**:

Company Name
Address
City, State, ZIP
Website
Email
Phone
ERP Platform(s)
Copy of your LOGO

We are happy to include multiple locations for each reseller. Simply send us each address to be listed.

When the new website launches, **we will only include resellers who have opted-in to be included.** So be sure to get your info to us ASAP!

Event Reporter: TPAC

We were happy to attend the TPAC conference, February 25-27, in Vancouver BC.

TPAC is a wonderful opportunity to touch base with many of our existing resellers, and introduce them to the latest developments in inventory management. We look forward to what next year has in store!

Thank you to everyone who stopped by to say "hello" and learn more about how ACCU-DART can benefit both your and your clients' business!

Seeking BETA sites for ACCU-DART for Sage Intacct

We are very excited to announce that development of ACCU-DART for Sage Intacct is nearly complete. We are now seeking Sage Intacct customers to be the first to get control of their inventory as our BETA site clients.

ACCU-DART for Sage Intacct features a unique direct integration with the Cloud-based ERP system, and is available for all our various hardware platforms (Windows Mobile, Apple, Android, Worth Data, etc). Customers will also have access to all available modules through an annual subscription priced per concurrent user.

If one of your customers might be interested in ACCU-DART for Sage Intacct – please contact Justin (Justin@accu-dart.com) or Irwin (Irwin@accu-dart.com) for more information.

Case Study: Tracking Inventory with Indoor/Outdoor Facilities Circle S. Irrigation

Circle S Irrigation provides a full range of products and services for agricultural irrigation Based in Clarksdale, MS, Circle S utilizes a large outdoor facility to store irrigation equipment. With both customers and installers picking items directly from their facilities, Circle S struggled with keeping track of inventory transactions/ changes. In addition, they needed accurate receiving and inventory count information.

In search of an inventory control solution, Circle S contacted Advantage Business Solutions, their Sage 300 ERP reseller. Advantage Business Solutions recommended ACCU-DART.
